## Ring in the New Year with protocols

With Covid-19 cases on the rise again, remaining indoors is the best bet on New Year's night. But that does not mean that we miss out on the fun and games of the big night. We suggest a few ideas on how you can celebrate it while maintaining social distancing.

**Host a virtual party**  
If it's online less than a ticking party, set up a meeting on a social platform and invite all your friends for a virtual happy hour. You could be wearing a party dress and even delivering your personal greetings online. The interaction at the party will naturally be a no-drama party to some extent for the happy occasion.

**Host an online movie party**  
Movie buffs can schedule a virtual movie party. Download the OTT party extension and you and your pals will be able to watch the same movie at the same time. Some popular OTT extensions feature synchronous video playback so everyone's screen will pause and resume at the same time, plus, a chat room so you can share your thoughts on the film.
